Phone: +90 (537) 046 55 56

Address: Darıca, KOCAELİ

Date Of Birth: 28.08.1997

Nationality: Türkiye

Driving Licence: B, SRC3

I graduated from Adnan Menderes University and completed my internship at the 1st Air Maintenance Factory Directorate under the Ministry of National Defense. With over three years of professional experience, I've worked as a project engineer in the fuel/energy, medical, and automotive sectors. Beyond my academic background, I've developed expertise in 2D/3D modeling, project management, subcontractor and customer management, and site supervision through various domestic and international projects. My work has taken me to Europe, Africa, and the Arabian Peninsula for both projects and conferences. Currently, I serve as the Field Chief for the Coating/Washing Facility at the Romanian factory of a leading automotive company in Turkey.

WORK EXPERIENCE

05.2023 - Still Working

Vig Makina Sanayi Ve Ticaret A.Ş.

Project Engineer

I've been working as a project engineer at VIG MAKİNA, where we specialize in building turnkey paint shops and cataphoresis plants for top automotive and defense companies. Throughout my time here, I've been deeply involved in cataphoresis plant projects in both Turkey and Romania, overseeing them from start to finish. This role has allowed me to improve my skills in 3D/2D drawing, production, project tracking, managing subcontractors and customers, as well as project management and reporting.

09.2022 - 01.2023

Oxycare Prefabrik Mobile Solutions Company Ltd. Şti.

Project Engineer

I actively participated in project design, design, documentation, project management, subcontractor management and control in the production of hyperbaric Oxygen Therapy Chambers and Submersible Chambers.

03.2021 - 09.2022

Tekser Akaryakıt İstasyonları Org. San. ve Tic. A.Ş.

Project Engineer

I work as an R&D Project Engineer, handling industrial and R&D projects, designing new parts for our manufacturing factory, and managing projects across Europe, Africa, Turkic Republics, and Turkey.

07.2020 - 09.2020

Turkish Air Force 1st Air Supply and Maintenance Center
Intern Engineer

I had an internship at the 1st Air Supply Maintenance Central Command of the Ministry of National Defense in the field of factory-level maintenance, Revision and parts manufacturing of jet aircraft and engines.
